

BEST ANTIQUE HOME RESTORATION OVER \$1 MILLION

Hobbs, Inc.

This 1848 farmhouse in Greenwich, with original details such as antique eagle snow guards, was thoughtfully updated by Hobbs Inc. with a new state of the art kitchen, plasma TV concealed over the family room fireplace behind an antique rendering of the original landscape; and a master bedroom suite with elegant marble master bath (below right). The barn was converted to a three car garage, and using the original beams a 600 s.f. apartment was created.
